ENDURING

quality Accoya® siding and decking,
for years to come

Manufactured by

ACCOYA®

delivers quality that lasts

Accoya turns everything you know about wood on its head.

Through a revolutionary scientific process called acetylation, it modifies wood to give it properties that exceed hardwoods, and other materials such as PVC and aluminum.

Here are some of the benefits of Accoya wood:

Performance

Accoya brings unprecedented reliability for timber; it is checked and trusted not to visibly swell, shrink or distort, with minimal movement. Highly durable, it withstands the test of any climate and is a highly rot resistant wood. And what's more, it stays that way – a 50 year above ground, and 25 year below ground and freshwater warranty are testament to the fact that you can expect to enjoy your Accoya wood for many decades to come.

50 YEAR WARRANTY

25 YEAR WARRANTY

LONG SERVICE LIFE

NATURALLY INSULATING

INSECT RESISTANT

Finish

Finish sums up many of the reasons architects and manufacturers love working with Accoya – coatings look brilliant and last longer, and its easy and hassle free care save time and money in the long-term. It also offers huge design freedom, with the ability to create a multitude of textural finishes such as smooth, charred and brushed, plus customizable size and finish options for endless creativity.

IDEAL FOR COATING

VERY LOW MAINTENANCE

MULTIPLE FINISHES
